Quartz is one of nature’s strongest minerals. Resistant to stains, scratches and cracks, it is impervious to heat and cold and requires minimal maintenance.

Caesarstone surfaces, consisting of up to 93% quartz, retain the cool, tactile qualities of nature’s strongest stones while offering freedom of design with seemingly endless application possibilities.

Caesarstone pioneered the original quartz surface in 1987. Since then, we’ve developed a diverse selection of successful products. Our surfaces come from our state-of-the-art manufacturing facilities, utilizing the most advanced technologies available.
A perfect surface is like the icing on a cake. It’s the final touch, your own personal signature. Finding exactly what you want isn’t easy. At Caesarstone, we get creative with our quartz, creating more colors, styles and combinations. Whether for the kitchen, bathroom or living room, there’s a Caesarstone style that meets your needs, captures your spirit and sparks your imagination. With our three collections of unique quartz surfaces, you can turn your vision into reality.

Caesarstone features three distinct collections: Whether it’s Classico, Motivo or Concetto, our extensive quartz designs are constantly evolving and developing. Caesarstone’s cutting-edge technology integrates exceptional quality with the latest world trends – ensuring you’ll find your perfect surface.

All of our surfaces come in standard slab dimensions of 120” x 56.5” and in thicknesses of 2cm (3/4”) or 3cm (1 1/4”) with diverse possibilities of edge profiles, shapes, patterns and textures.
The Classic Color Collection

This classic, multi-color collection ranges from salt-and-pepper motifs to vivid color blends, ideal for a variety of residential and commercial applications. Classico colors are available in three different finishes: Polished; Honed (matte or non-glossy).

Edge Profiles

The unique properties and durability of Caesarstone quartz surfaces allow for a wide range of edge-profile design options. Many edge profiles are possible, from a standard edge to laminated or mitered edges which create the appearance of a thicker slab. All edge details should have a minimum 1/8” radius on any profile, for both top and bottom edges. For high-traffic areas, 1/4” minimum radius is suggested.

Caesarstone Slab ID

The underside of every Caesarstone slab is uniquely stamped with identification information establishing authenticity.

Wall Linings

Nonporous, waterproof, mold and mildew resistant, Caesarstone quartz surfaces are ideal for kitchen backsplash and bathroom wall linings. Large slabs provide a sleek and modern aesthetic, minimizing seams and maintenance.
**Low Maintenance**

**Decor for Modern Living**

Caesarstone surfaces require minimal maintenance to keep them looking like new. Soap and water or a mild detergent ensure ease of care for long-lasting luster.

**Combining Design and Function**

As passionate as we are about design, we are equally committed to providing the best quality and service. Caesarstone has received worldwide recognition for our commitment to quality, safety and environmental standards. Each and every one of our surfaces is carefully inspected to ensure it meets the highest level of international quality standards.

**Service and Warranty**

Residential Lifetime Warranty* The first of its kind, covering your surface for as long as you own your home. Accompanied with professional customer service and support worldwide.
