

 caesarstone

Caesarstone makes dreams come true.

We take a grain of sand and turn it into your favorite work surface, a vibrant space of inspiration that is the golden heart of your home.

It's where you spend treasured moments together, making memories that are everlasting.

Whitelight Collection

Bring the earth into your home with our newest white colors

Now is the perfect time to bring the earth into the home, wrapped in the purity of white. Caesarstone's latest collection offers the most current composition of nature-inspired designs that elevate interiors to give a strong sense of wellness and serenity.

Crisp pearly lusters and soft sandy hues connect the inside of the home to the earthy warmth of the world outside. This lightness creates a new landscape of opulence, refocusing us on human-centered spaces that echo sophistication alongside cleanliness.

Whitelight Collection is a reflection of this exploration, with designs that look to the horizon of tomorrow.

5112 Aterra Blanca

**The graceful timelessness
of classic design**

An elegant surface featuring a misty white base with fine earthy veins that transcend the entire slab. These layers achieve a subtle yet evocative and textured look reminiscent of majestic ancient column-lined paths.

[*Experience in 3D*](#)

5222 Adamina

**Supple sandy
movement**

Three shades of sand combine this earthy complexion into a soft neutral that gently reflects light. Paler touches of taupe veil the surface and add dimension bringing warmth into any setting.

Life in Stone

Caesarstone knows the secret of the earth. We use natural raw quartz minerals to craft the most durable and safe countertops.

We've been at the helm of surface innovation since 1987, driven by our passion for design and cutting-edge technological prowess.

Specializing in countertops for interiors worldwide, our commitment is to guide and assist professionals and consumers on their journey of creativity.

We take a piece of the earth, and bring it into your home

Caesarstone is the pioneer of quartz countertops. We bring the magic of the earth's raw minerals into your home, with surfaces that become the bedrock and basis for life. We invite you to let everything revolve around your countertop, transforming the surface and all that's around it into a space of interaction and creativity.

Craftsmanship and care, carefully pass- ing from us to you

We put special care in every countertop. It's where our advanced knowhow in stone engineering meets our immense passion for design, and we stand ready to guide you throughout your creative journey. Each surface represents our goal to set your dream in stone.

The world trusts in the ideal Caesarstone countertop

Our surfaces have everything a good countertop needs. With our stringent hygiene standards and our commitment to comply with the highest quality, environmental and sustainability standards, we always lead in surface safety. Caesarstone's indoor quartz residential lifetime warranty and everlasting quality give the reassuring certainty of a safe surface.

Caesarstone countertops are the enduring heart of the home

Life flows by, the family grows and changes, but your Caesarstone countertop remains timeless. It is where everything happens, the special place for coming together with family and friends and finding your own creative space alongside others. Your surface sets the mood and pace for the entire household, every day.

Outdoor Collection

Available Edges

All Caesarstone slabs come with a standard engineered cut, ready for experienced fabricators to fabricate the surface to your specifications. Your surface's edge profile can be custom designed by a fabricator in a variety of thicknesses that complete your design. Choosing the right edge profile for your specific design style and aesthetic adds the important finishing touches to your surface.

Our Slab Sizes

Standard

Caesarstone quartz surfaces come in Standard size, offered in three thicknesses.

Standard size – 56.5" x 120" (144 cm x 305 cm)

Thickness – 1.3 cm, 2 cm and 3 cm depending on the color

Thickness	Standard Slab Weight	Weight/m2
3 cm	290-306 kg / 639-675 lbs	66-70 kg / 13-15 lbs
2 cm	189-210 kg / 417-463 lbs	43-48 kg / 8-10 lbs
1.3 cm	127-143 kg / 280-315 lbs	29-33 kg / 5-7 lbs

Jumbo

Some Caesarstone quartz surfaces are available in large Jumbo size, offered in two thicknesses, making it easier than ever to fill spaces with fewer seams.

Jumbo size – 64.5" x 131.5" (164 cm x 334 cm)

Thickness – 2 cm and 3 cm

Thickness	Jumbo Slab Weight	Weight/m2
3 cm	362-382 kg / 798-842 lbs	66-70 kg / 13-15 lbs
2 cm	236-261 kg / 520-575 lbs	43-48 kg / 8-10 lbs

Caesarstone offers a variety of five finishes, dressing the surface in a way that brings out the best in the design while ensuring it remains long lasting without the need for sealants or wax.

Natural

A slightly textured satin sheen, Natural finish conjures up the emotional caress of stone, warm, grainy, and uniquely sensorial. It gently reflects light, enhancing the depth of color and pattern, especially on darker shades.

Polished

With its high-gloss smoothness, Polished finish emphasizes the surface features with its stunning luster. It attracts light and reflects it with elegance, illuminating the space around it with a natural brilliance that makes it seem larger and luxurious.

Honed

Smooth to the touch and soft on the eye, Honed finish offers a special organic luminosity. Its satin sheen reflects light, while retaining a special shine that penetrates the surface to highlight deeper dimensions.

Concrete

A lightly textured complexion, Concrete finish is inspired by the granular tactility of smooth concrete with a soft earthiness quality and low light reflection. Its grainy touch evokes the sensation of an organic material that is powerfully strong.

Rough

A rich and complex rugged look, a Rough finish is achieved by advanced technologies designed to create a compelling tactile effect. It offers the coarse experience of industrial materials for distinctively gravelly surfaces yet still smooth enough for practical cleaning. It highlights patinas and variations in the slab design, creating added depth and intrigue. Applications featuring multiple slabs will experience inherent visual differences.

Advantages

Nonporous

Incredibly impenetrable, dense, and resilient, for long-lasting quality

Durable

Harder, stronger, and safer than marble, granite, and other natural stones

Easy Care & Maintenance

Simple care with just soap and water, no need for sealing, and essentially effortless to maintain

Hygienic

Non-absorbent, resistant to bacteria, mold, or mildew, remains safe and sanitary for ultimate cleanliness

Stain Resistance

Impenetrable surface that is highly nonporous and nonabsorbent, made to be impervious to stains and easy to maintain

Scratch Resistance

Impressive scratch-resistance strength, not susceptible to scrapes or scuffs

Enduring Quality

Caesarstone uses a high quartz blend-ratio (up to 90% natural quartz minerals), offering our residential lifetime warranty for indoor quartz surfaces

Ease of Installation

Easy to template, install, and customize by professionals, suited for indoors and available in a selection of outdoor colors

Environmentally Friendly

Certified for its durability and low-maintenance, supporting a healthier environment and better use of material resources

Care and Maintenance

Virtually maintenance free, Caesarstone's hard, nonporous surfaces are simple to clean and require no sealing to renew their luster. In most cases, soap and water or a mild detergent is enough to keep your Caesarstone surfaces looking like new. If necessary, you can use a non-abrasive soft soap along with a non-scratch or delicate scrub pad. Afterwards, thoroughly rinse with clean water to remove residue. Please note that Caesarstone finishes other than polished may require increased daily maintenance due to their distinctive appearance.

Order Samples

Request samples by visiting caesarstoneus.com/samples. Some variation in color and pattern can occur. We always recommend viewing a full slab or product installation as part of your selection process. Samples represent only a small area of the overall color scheme and may not be illustrative of the entire pattern, texture or tone that can occur across the full slab. Images, including illustrations of full slab patterns and colors can be found at caesarstoneus.com.

Quality Standards

Caesarstone has received worldwide recognition for its commitment to quality, safety and environmental standards. Each one of our surfaces is carefully inspected to ensure that it meets the highest level of international quality standards. Our surfaces come with a warranty on domestic installations and are backed by professional customer service and support.

Warranty

For added peace of mind, Caesarstone indoor quartz surfaces come with a Residential Lifetime Warranty. Our outdoor quartz surfaces come with a Residential 10 Year Limited Warranty. For more information about our warranties, visit caesarstoneus.com.
